

Annual Implementation Plan: for Improving Student Outcomes

School name: St Georges Rd Primary School

Year: 2017

School number: 4666

Based on strategic plan: 2014 -2018

Endorsement:

Principal Kerriane 'Dougie' Souter

February 10th 2017

Senior Education Improvement Leader: Marian Lawless

Feb 15th 2017

School Council President: Jackie Ciszewski

February 10th 2017

Section 1: The school's Improvement Priorities and Initiatives

Report here the goals identified in the current School Strategic Plan and tick the Improvement Initiative/s that your school will address in this Annual Implementation Plan: for Improving Student Outcomes.

School Strategic Plan goals	Improvement Priorities	Improvement Initiatives		
<p>Achievement</p> <ol style="list-style-type: none"> 1. Improve student achievement by developing cohesive, coherent and consistent teaching and learning pathways between year levels. 2. Improve the achievement for all students by establishing specific expectations of staff professional expertise and accountability, focussed on consistency of differentiated and effective practice that is applied in all classrooms. <p>Engagement</p> <ol style="list-style-type: none"> 1. Improve the school and parent partnership by formulating and implementing effective measures for a positive impact on student learning outcomes. 2. Increase student attendance and punctuality 3. Improve student leadership, voice and aspiration <p>Wellbeing</p> <ol style="list-style-type: none"> 1. Further develop behavioural and social expectations at school including cultural understanding of diversity, sensitivities and awareness for the whole school community. 			✓	
	Excellence in teaching and learning	Building practice excellence		✓
		Curriculum planning and assessment		
		Professional leadership	Building leadership teams	✓
	Positive climate for learning	Empowering students and building school pride		
		Setting expectations and promoting inclusion		
	Community engagement in learning	Building communities		

Improvement Initiatives rationale:

Explain why the school, in consultation with the Senior Education Improvement Leader (SEIL), has selected the above Improvement Initiative/s as a focus for this year. Please make reference to the evaluation of school data, the progress against School Strategic Plan (SSP) goals and targets, and the diagnosis of issues requiring particular attention.

St Georges Rd has a complex student demographic with a Student Family Occupation Index which increases with annually in line with enrolments and currently sits at .845. The enrolment profile includes 50% Anglo- Australian families, 30% of students are from Non-English Speaking Backgrounds –mainly from middle eastern countries and with a growing proportion of New Arrival Refugee students (Syrian and Afghani). Almost 20% of students are indigenous and 85% of families are in receipt of Health Care benefits. The high SFO index highlights the lack of educational opportunity or attainment for our families and with this in mind the school is focused on creating a safe and stimulating climate that is conducive to effective teaching and learning and approaches that will connect families into the educational partnership. We have a Connected Team Leadership Model that provides an infrastructure for build curriculum leadership capacity within our school and across neighbourhood schools. Equity Funding has been utilised to recruit and develop leadership capacity, provide Intervention and Acceleration programs and provide high quality professional development in Literacy and Numeracy. Our next steps are to consolidate the professional learning into consistent and coherent classroom practice. To do this our school will focus on – Excellence in Teaching and Learning by Building practice excellence and professional leadership.

Priority 1: Excellence in Teaching and Learning

Initiative: Building practice excellence

The school has developed a solid basis for Teacher Collaboration (71%) and Collective Focus on Student Learning (88%) in the teaching and learning process. Whilst Staff Opinion data shows strong Collective Responsibility (83.75); Collective Efficacy (63.40) and Academic Emphasis (67.43) are areas for improvement. Student Achievement data results continue to show variable outcomes indicating a continued need to focus on and strengthen consistency in practice in Literacy and Numeracy at all year levels and the development of school wide curriculum documentation.

Several of the Key Improvement Strategies identified in our 2014 - 2018 School Strategic Plan are encompassed in this overarching Improvement Priority with a clear direction in applying professional learning into consistent daily practice.

The emphasis continues to be on developing and implementing a consistent Instructional Model in Literacy- focused on phonemic awareness/ Phonological knowledge and a targeted and focused approach to Writing from Foundation to Year 6; and a Numeracy Instructional model with an emphasis on fluency and place value.

Further to the documented goals in the School's Strategic Plan is the development of a whole school curriculum plan in 2017.

Priority 2: Professional leadership

Initiative: Building leadership teams

This second priority is clearly connected to building practice excellence with our attention being placed on building curriculum leadership capacity across the school in a connected way – for all teachers individually and for teams of teachers. There is a strong professional learning culture (75%) and staff rate collegiate trust highly (89%). These areas provide a solid foundation for improvement with Instructional Leadership (77%), Active participation (63%) and Feedback (61%) – strong indicators for the next steps of developing a coaching and mentoring culture and actions that are aligned to our School Strategic Plan for building middle level curriculum leadership and establishing a SGRPS observation model driven by professional learning initiatives for consistent and coherent teaching and learning approaches.

Key improvement strategies (KIS)

List the Key improvement strategies that enable the implementation of each Improvement Initiative. This could include existing strategies already being implemented as well as new ones identified through analysis of data, evaluation of impact of prior efforts, measurement of progress against targets and the diagnosis of issues requiring particular attention. KIS may be specific to one outcome area or applicable across several areas.

Improvement initiative:	Key improvement strategies (KIS)
1. Building practice excellence	<ul style="list-style-type: none"> ▪ Effective and Consistent Instructional Model and application of professional learning into daily classroom practice <ul style="list-style-type: none"> - Professional Learning Team 4 Week cycle: Grade level teams utilising data, developing focussed teaching units, classroom observations, moderation and reflection for ongoing improvement utilising evidence based high-impact strategies. (pp 9-11 Continua for School Improvement) - Establish High Impact Strategies proforma for classroom observations - Grade level PLT planning and accountability for implementation of 2 hours Literacy block – including the 1 hour daily writing block that follows the SGRPS Instructional model and ensures that spelling (SWST), Phonological knowledge, grammar and punctuation, sentence development, handwriting and dictation are planned for and implemented. - Grade level PLT planning and accountability for implementation of 1hour Numeracy block that follows the SGRPS Instructional model including the Open Ended structure and ensures daily number fluency.
	<ul style="list-style-type: none"> ▪ Refinement of school-wide Professional Learning Plan <ul style="list-style-type: none"> - Development and refinement of the school side professional learning plans that will support teacher growth, collaboration and efficacy -. The Professional Learning Plans will prioritise the consolidation of effective and consistent practice of: High Reliability Literacy Teaching Procedures (Writing and Phonological Knowledge); the Effective Teaching of Mathematics including the FISO Community of Practice: Neighbourhood Numeracy, the use of ICT, Social Competencies and the integration of First Nations Curriculum.
	<ul style="list-style-type: none"> ▪ Documented Whole School Curriculum Plan <ul style="list-style-type: none"> - The Leadership team and Curriculum Leaders will lead the development and implementation of the St Georges Rd P.S Curriculum Plan across each year level and capabilities. The SGRPS Curriculum Plan will document the scope and sequence of learning from Foundation to Year 6 and links between curriculum areas and extra curricula activities, units of study with content descriptions, achievement standards, assessment tools and resources.
2. Professional leadership	<ul style="list-style-type: none"> ▪ Instructional and Shared leadership to build individual and collective capacity and efficacy. <ul style="list-style-type: none"> - Modification of the Connected Leadership Model to rationalise curriculum teams at Grade levels and allocate staff to key areas for school improvement - Refine the specifics within leadership role descriptions to strengthen curriculum and intervention coordination, staff professional growth and the effective management of assessment and data processes. - Refine the Curriculum team role descriptions, meeting schedule and professional learning team forums to strengthen individual and collective growth, leadership capacity, accountability and efficacy. - Maintain and develop leadership capacity across the school through mentoring, coaching, neighbourhood collaboration and participation in leadership development programs
	<ul style="list-style-type: none"> ▪ Strengthen the culture of student achievement across the school. <ul style="list-style-type: none"> - Clear articulation of the 2017 direction, the student learning and engagement goals and professional learning plan. - Development of effective approaches for student goals setting and feedback on learning. - Maintain and further enhance the focus on parent and community engagement activities and school based initiatives that build student learning capacity, leadership and voice.

Framework for Improving Student Outcomes

Published: February 2016

Section 2: Improvement Initiatives

Each table below is designed to plan for and monitor each Improvement Initiative. Add or delete tables – one for each Improvement Initiative from Section 1 on the previous page. You can also add or delete rows so that there is alignment and line of sight between the key improvement strategies, actions, success criteria and monitoring. The goals come directly from your School Strategic Plan (SSP) – you will find it helpful to keep them in the same order. Please note that, in the progress status section, ● ● ● respectively indicate: ● not commenced or severely behind schedule, ● slightly behind schedule but remediation strategies are in place to get back on schedule and ● on schedule and/or completed.

STRATEGIC PLAN GOALS		Improve the achievement for all students by establishing specific expectations of staff professional expertise and accountability, focussed on consistency of differentiated and effective practice that is applied in all classrooms.
